

WISENT INFRA

JOHN INFRA

WISENT INFRA TECH LLP

AN ISO 9001:2015 COMPANY

ABOUT US

Wisent Infratech LLP (“WIL”) (earlier John Infratech LLP) is the part of John group, a leading player in India in the oil and gas sector.

The company possesses 40+ years of manufacturing acumen accumulated over the past several decades. It owns and operates 40 drilling and workover rigs with an annual turnover of around USD 80 million and have more than 1500 employees.

The company is a pioneer in manufacturing water well drilling rigs in India with more than 2500+ units sold and is a preferred client in government projects.

Banking upon its manufacturing excellence, the company has ventured into International and domestic market of manufacturing Water well drilling rig machines, Infrastructure and road construction equipment viz. Mechanical pavers and self-loading concrete mixer (SLCM).

OUR PRODUCTS

Water Well Drilling Rigs, Mining Rigs & Piler Rigs

Used for exploration and construction of ground water wells and piling. The company is capable of manufacturing all kinds of customized rigs with the highest quality. Wisent Infratech has been in this business for 40 years and has a proven record of providing the best and most innovative quality products that cater to a unique requirement of the market. The company has the ability to develop and adopt any new technology available in the market.

❖ Rich History

Wisent Infra has a legacy of over 40 years in manufacturing water well drilling rigs which are known and designed for safety, efficiency, reliability, and productivity. We take pride in offering solutions to meet customer demand. Wisent Infra has supplied rigs to India as well as Asian & African countries viz. Mauritius, Benin & Kenya.

❖ Efficiency, Excellence and Innovation

Innovation and excellence, along with the experience has been our driving force and we strive to deliver complete solutions to our customers and increase value. With reduced downtime, fuel efficiency, and by providing a safer work environment, Wisent Infra's rigs aid customers grow and sustain their businesses.

WIDE PRODUCT RANGE AND SOLUTIONS

We are manufacturer of the various models of water well drilling rigs also we manufacture the customised rigs.

➤ Wide product range and solutions:

- **DTH Drilling Rigs**
- **DTHR (Combination) Drilling Rigs**
- **Two-Truck Version DTH Drilling Rigs**
- **Direct Rotary Drilling Rigs**
- **Tractor Mounted Rigs**
- **Crawler Mounted Drilling Rigs**
- **Core Drilling Rigs**
- **Multipurpose Drill Rigs**

DTH DRILLING RIGS

A down-the-hole drill, usually called DTH by most professionals, is basically a jackhammer screwed on the bottom of a drill string. The fast hammer action breaks hard rock into small cuttings and dust that are evacuated by a fluid (air, water or drilling mud). The DTH hammer is one of the fastest ways to drill hard rock.

DTHR (Combination) Drilling Rigs

DTHR Combination Drilling Rig is a most powerful drilling rig used for both types of drilling DTH drilling by using air compressor and mud rotary drilling by using mud pump. we can drill up to 500 mtrs using both method. Provided DTH Cum Mud Rotary Combination Drilling Rig is designed and made using premium quality raw materials and advanced technology in compliance with international quality standards.

Two-Truck Version DTH Drilling Rigs

Direct Rotary Drilling Rigs

Direct Rotary drilling uses a sharp, rotating drill bit to dig down through the Earth's crust. Much like a common hand-held drill, the spinning of the drill bit allows for penetration of even the hardest rock.

Crawler Mounted Drilling Rigs

By checking the hardness of the ground, the drills are deployed at the particular place so that drilling happens smoothly. At rocky places, crawler mounted drillers are preferred as they have a perfect balance even though the ground level is not in level.

Core Drilling Rigs

Core drilling is similar to rotary drilling, but it uses a crown to extract a sample, called a core, inside the tool.

Tractor Mounted Rigs

It is used to dig wells and holes in construction applications. The machine availed by us is highly reliable which ensures safe operation and longer service life. Tractor Mounted Rig is provided with a 6DTH/8 rotary drill rod of length 10 feet.

Drilling Accessories

▪ DTH Hammers & Bits : -

Wisent Infratech LLP suppliers of the best and most effective Down-the-Hole (DTH) hammers and button bits for the mining, construction and water well drilling.

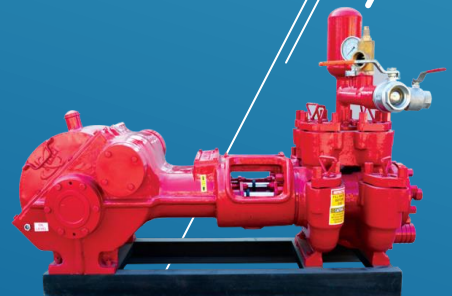

▪ Drill Rods:-

Wisent Infratech LLP is the supplier of standard drill rods and Friction Welded Induction Hardened drill rods.

▪ Mud Pumps:-

Wisent Infratech LLP are the supplier of reputed MAKE mud pumps. Other accessories...

Spare Parts

We offer genuine spares and brought out item from verified suppliers to our customers for all our equipment. The parts will be original and come with a guarantee where applicable. We provide spare part catalogue with our equipment that allows customers to easily identify and order original spares.

WIL / John Infra has spare parts warehouses in Mehsana, Jaipur, Indore, Aurangabad, Singrauli, Delhi, Hyderabad, Lucknow, Raipur, Srinagar and Assam. We are bound to provide best-in-class quality parts and within warrant period of part failure, a replacement initiation as per our warranty policy. JOHN INFRA is synonym to quality.

Our ever-expanding network of WIL offices and dealers ensures that parts are delivered on immediately.

OUR NETWORK

Because of our advanced grade industrial equipment and on time transport services, we've earned the accept as true with of clients nationally and across the world. Our clients are unfold all over the markets of :

- Pan India
- Far East: Afghanistan, Bangladesh, Bhutan, Brunei (Darussalam), Cambodia, Indonesia, Malaysia, Myanmar, Nepal, Philippines, Sri Lanka, Taiwan & Thailand.
- Middle East: Algeria, Bahrain, Egypt, Iran, Iraq, Israel, Jordan, Kuwait, Lebanon, Libya, Morocco, Oman, Qatar, Saudi Arabia, Syria, Tunisia, United Arab Emirates and Yemen.
- East African countries: Burundi, Comoros, Djibouti, Ethiopia, Eritrea, Kenya, Madagascar, Malawi, Mauritius, Mozambique, Réunion, Rwanda, Seychelles, Somalia, Somaliland, Tanzania, Uganda, Zambia, and Zimbabwe.
- Central African countries: Cameroon, Central African Republic, Chad, Congo Republic - Brazzaville, Democratic Republic of Congo, Equatorial Guinea, Gabon, São Tomé & Príncipe.
- West African countries: Benin, Burkina Faso, Cape Verde, Côte D'Ivoire, Gambia, Ghana, Guinea, Guinea-Bissau, Liberia, Mali, Mauritania, Niger, Nigeria, Senegal, Sierra Leone, Togo.
- Southern African countries: Botswana, Eswatini, Lesotho, Namibia and South Africa.

Further, we try hard to make bigger our business network even greater by way of delivering qualitative merchandise inside a specific period.

ACCREDITATION & STANDARDS OF COMPANY

CERTIFICATE

This is to Certify that
Quality Management System
of

WISENT INFRATECH LLP
BLOCK NO. 97, BHUPENDRA CRAIN, DITASAN, MEHSANA,
MAHESANA, GUJARAT, 382732, INDIA.

has been independently assessed by DBS
and is compliant with the requirement of:

ISO 9001:2015

For the following scope of activities:

**MANUFACTURE AND DESPATCH OF DIFFERENT TYPES / MODELS / CAPACITIES OF
DIRECT ROTARY (DR) AND DOWN THE HOLE (DTH) WATER WELL DRILLING RIGS,
ASPHALT AND CONCRETE CONSTRUCTION EQUIPMENTS.**

Certificate Number: Q-205021011807
